

**The Education University of Hong Kong**  
**Honorary Fellowship Presentation Ceremony 2024**  
**Address by the President, Professor John Lee Chi-Kin, JP**  
**28 June 2024**

Council Chairman, Council Members, esteemed guests, colleagues, students, ladies and gentlemen,

It gives me great pleasure to introduce two Honorary Fellowship recipients, today. We are honoured to have them here, as we pay tribute to their exceptional achievements, not only in their professions but also in the positive impact they have made on society as a whole.

Shortly, our Orators will deliver citations explaining their incredible journeys and how, despite their successes, they have never lost touch with their humble beginnings.

Mr Chung Chi-kwong has become well-known for his broadcasting career in the areas of sport, drama, variety and culture. He has also devoted much time to learning about and promoting traditional Chinese values and culture to young people.

In addition to her role as a business leader, Madam Pauline Ngan Po-ling, BBS, JP has committed herself to local and national public services and charitable work, particularly in the field of education, including establishing foundations and scholarships.

Both of these distinguished individuals have not only achieved outstanding success in their professional careers, but have also dedicated much of their time and effort to education, benefitting others and serving as inspirational role models to others. Please join me in congratulating them for their remarkable achievements and show them gratitude on behalf of the EdUHK family.

Thank you.
